Timeline
Fifth Year Interim Report

January – March, 2016:
Initial meetings of workgroups. Preparation of HCC locations list in new SACSCOC format. Creation of cloud-based web-site for report (Compliance Assist site).

April – December, 2016:
Workgroups gather information and data about compliance. QEP Impact Report will be written by August 31, 2016.

September 2016:
SACSCOC will send HCC an official letter of notification about the Fifth Year Interim Report. Besides the due date (September 17, 2017) the letter will tell us if a “Fifth Year” report will be due for standards for which the on-site Reaffirmation Committee asked HCC to write a monitoring report in 2012. The letter will tell HCC whether sites approved for more than 50% of a program’s instruction after 2011 will be visited by an on-site committee if a report about any or all of them should be included in the Fifth Year Interim Report.

January – March, 2017:
Make sure that a draft was received for every standard and requirement. Edit drafts (Dr. Beatty and Judy Cantwell). Check validity of every url referenced in drafts. Verify there is documentation for every statement.

April – August 31, 2017:
Enter the final draft of each compliance report into the Compliance Assist site. Input every evidentiary document into the Compliance Assist site. Check every url in the reports again.

September 1, 2017:
Release completed report to Compliance Assist. Work with Compliance Assist to make sure that the required number of thumb drives will be prepared with the live internet based report.

September 17, 2017:
Report due to SACSCOC. Required number of thumb drives is sent to them. Required number of paper copies is sent to them. Compliance Assist report site is live.
Standards requiring monitoring reports after Reaffirmation
(See “September 2016” on the Timeline)
