REPORTING CRIME AND EMERGENCIES OCCURRING ON CAMPUS

All HCC students and employees are encouraged to accurately and promptly report all crimes to the HCC Police Department. HCC Police Dispatch is staffed 24 hours a day, seven days a week, by police telecommunication operators. The telephone number is 713/718-8888 or 8-8888 from a campus phone. HCC Police Dispatch also receives transfers from the Greater Harris County and City of Houston 9-1-1 Emergency Networks.

Callers should be prepared to stay on the line with the emergency dispatcher, who is trained to process their emergency call, and who will be asking them a series of questions. Callers should be prepared to tell the dispatcher the location where the emergency is occurring, their phone number, any suspect or vehicle descriptions (including color, make, model, and license plate number), weapons involved, etc. and remain calm and stay on the line until told to hang up by the dispatcher.

Students and employees may also report criminal offenses to the following college authorities for the purposes of making timely warning reports and the annual statistical disclosure:

District-Wide Authorities

Director of HCC Talent Relations (Human Resources)	713-718-8606
HCC Title IX Coordinator	713-718-8271

Campus Authorities

Dean of Central College Student Services	713-718-2516
Dean of Coleman College Student Services	713-718-7061
Dean of Northeast College Student Services	713-718-8067
Dean of Northwest College Student Services	713-718-5691
Dean of Southeast College Student Services	713-718-7005
Dean of Southwest College Student Services	713-718-7788

Any confidential report of crime must include the date, time, location, and details of the offense. If insufficient information is reported anonymously, the incident may not be included in the annual disclosure of crime statistics.

HCC Licensed Professional Counselors are encouraged, when they deem it appropriate, to inform students they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

Crime Stoppers Program

Offenses may also be reported to Crime Stoppers of Houston. There are three ways to make an anonymous report to Crime Stoppers of Houston:

- (1) Phone: 713-222-TIPS (8477)
- (2) Mobile Application
- (3) Online Tip Form

Website: www.crime-stoppers.org

Any confidential report of crime must include the date, time, location, and details of the offense. If insufficient information is reported anonymously, the incident may not be included in the annual disclosure of crime statistics.

POLICY FOR MAKING TIMELY WARNING REPORTS TO THE CAMPUS COMMUNITY

A timely warning or crime alert is required whenever a crime is reported that is considered an immediate threat to the safety of students or employees. Confirmation is on a case-by-case basis based on the totality of circumstances. Factors include the nature of the crime and the continuing danger to the campus community.

Since most threats rapidly evolve, the HCC Police Chief or their designee may initiate the HCC emergency notification system and disseminate emergency information to the campus community. Soon after, the Chancellor or their designee may direct follow-up warnings.

The initial timely warning may be pre-scripted and brief. The content will include sufficient information for the campus community to act to protect themselves.

To ensure all those affected are warned, a text message and email may be sent to all employees and students. As the situation progresses, the HCC website and local media will be used to communicate all relevant information.

All students and employees are trained in and charged with keeping their contact information in PeopleSoft current. To receive emergency texts, a text-enabled mobile phone number must be entered and identified as a mobile phone in PeopleSoft HR for employees and PeopleSoft Student for students.

To ensure the campus community is notified about an off-campus crime that requires a timely warning, the HCC Police Department is a member of the National Law Enforcement Telecommunications System and subscribes to municipal and county offices of emergency management alerts.

POLICY FOR PREPARING THE ANNUAL DISCLOSURE OF CRIME STATISTICS

The HCC Police Department is responsible for compiling data for the Annual Security Report. HCC Student Services and HCC's Title IX Coordinator also report data.

During 2020, Stafford PD and Missouri City PD reported zero crimes on HCC property. Houston PD reported a robbery at Central-Midtown, an aggravated assault at Northline, a drug possession case at Northline, and a hate crime (vandalism) at Central-Midtown. The Harris County Sheriff did not respond to a request for data.

POLICIES CONCERNING SECURITY AND ACCESS TO CAMPUS FACILITIES AND SECURITY CONSIDERATIONS USED IN THE MAINTENANCE OF CAMPUS FACILITIES

HCC operates as an open college. During business hours, HCC is open to students, employees, and the public. During non-business hours and during extended closures such as Winter Break and Spring Break, access is restricted and must be coordinated by the HCC Police Department.

HCC policy requires comprehensive safety and emergency response protocols. Design, implementation, and promotion of protocols are the responsibility of the HCC Office of Emergency Management. The planning documents include the three-year Texas Junior College Audit Report and emergency operations plans.

IDENTIFICATION REQUIREMENT

By HCC policy, all HCC students and employees are issued identification cards and may be required to show identification to college officials or HCC police upon request. HCC police may refuse to allow persons having no legitimate business to enter on HCC property, and may eject any undesirable person from the property if they refuse to leave peaceably on request.

ACCESS CONTROL AND ALARM SYSTEMS

HCC identification cards integrate with HCC's electronic access system. Access may be added, restricted, or tracked. HCC also uses traditional locks. Installation, maintenance, and replacement of locks and keys are managed by the HCC Locksmith in conjunction with campus officials. The electronic access control and alarm system are monitored and managed by the HCC Police Department, HCC Information Technology, and an independent contractor.

VIDEO SURVEILLANCE

The HCC Police Department uses a sophisticated video surveillance system. Video cameras are strategically deployed and operated in conjunction with the HCC Information Technology Department, HCC Facilities Management, and an independent contractor.

ELEVATOR, CLASSROOM, AND PARKING FACILITY TELEPHONES

Emergency telephones are installed in all elevators and many classrooms. Some campus parking facilities also have blue phones that connect to HCC Police Dispatch. The phones are installed and managed by HCC IT Department and HCC Facilities Management.

CRIME PREVENTION AND ENVIRONMENTAL DESIGN

All HCC properties are designed and maintained to promote safety. For example, landscape and external lighting issues are addressed during construction and as a component of ongoing maintenance. Requests for repairs are processed and managed by HCC Facilities Management and campus officials.

CAMPUS LAW ENFORCEMENT AUTHORITY AND WORKING RELATIONSHIPS

The HCC Police Department provides law enforcement and security services to the HCC campus community. HCC police officers are vested with all the powers, privileges, and immunities of Texas peace officers. They are authorized to make arrests and enforce all laws of this State, and their primary jurisdiction is Harris County and Fort Bend County.⁵

Except for a small number of plainclothes assignments, all HCC police officers wear dark navy-blue uniforms and are armed. The shoulder patch and badge identify the employee as a police officer for HCC.

Security officers employed by HCC wear light French blue shirts and navy pants. All HCC security officers are commissioned by the Texas Department of Public Safety. They are not police officers and primarily observe and report. However, they are authorized to direct traffic and issue parking citations on HCC property. The security shoulder patch and badge identify them as a security officer for HCC. They are not armed but do carry two-way radios.

Though the HCC Police Department works very closely with other law enforcement agencies, state prosecutors, and the Harris County Crime Lab, it has no MOU with any other law enforcement agency for the investigation of alleged criminal offenses. For example, the department participates in the Houston Regional Intelligence Service Center, the National Law Enforcement Telecommunications System, and the FBI's National Data Exchange System.

PROGRAMS DESIGNED TO INFORM STUDENTS AND EMPLOYEES ABOUT CAMPUS SECURITY PROCEDURES AND PRACTICES

HCC encourages students and employees to be responsible for their own safety and the security of others. Failure to report crimes and safety concerns, maintain an awareness of their surroundings and take appropriate

⁵ Section 51.203, Texas Education Code, [Campus Peace Officers](#); Article 2.12, Texas Code of Criminal Procedure, [Who Are Peace Officers](#)

precautions, may result in increased risk. HCC continues to develop and implement safety and security measures, but these measures cannot succeed without the personal support of all employees and students.

HCC police routinely present important information regarding safety and security throughout the year. Examples of programs include new student and employee orientations, faculty convocations, and by request, campus personal safety training sessions. Active Shooter and Disruptive Person training videos are also posted on the HCC website.

HCC-IT Security conducts mandatory training for all employees regarding internet and network security and safety.

The HCC Police Department also uses statutory brochures and posters regarding family, household, and dating violence. Crime prevention information is also disseminated through government initiatives regarding traffic safety, personal safety, online safety, and substance abuse.

MONITORING AUTHORIZED STUDENT ORGANIZATION AND ACTIVITIES OFF-CAMPUS

All recognized student organizations have sponsors that are responsible for monitoring student activity at the campus and off-campus events. As an adjunct, the HCC Police Department participates in the National Law Enforcement Data Exchange Network (N-DEx2) and the Houston Fusion Center Network. If the off-campus criminal activity was reported to law enforcement, HCC would likely be notified.

PROCEDURES THAT ENCOURAGE COUNSELORS TO INFORM THE PERSONS THEY ARE COUNSELING OF PROCEDURES TO REPORT CRIMES ON A VOLUNTARY, CONFIDENTIAL BASIS FOR INCLUSION IN THE ANNUAL DISCLOSURE OF CRIME STATISTICS

HCC Licensed Professional Counselors are encouraged to inform the persons they are counseling of procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

PROGRAMS TO PREVENT DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT AND STALKING

HCC takes its prohibition of all forms of gender discrimination, including the crimes of dating violence, domestic violence, sexual assault, and stalking very seriously and offers programming to prevent such incidents, heighten awareness, and educate students and employees regarding issues that affect the HCC community. Topics include, but are not limited to: what constitutes sexual harassment; causes of gender-based discrimination; myths involved with sexual harassment; the relationship between sexual assault and alcohol use; what to do if assaulted; bystander intervention; College District policy/procedure; reporting incidents; sexual assault issues for both genders; and pertinent College District/community resources to assist individuals.

The primary prevention and awareness programs and campaigns include discussions about several relevant terms and offer clarity with respect to dating violence, domestic violence, sexual assault, and stalking as actual crimes that violate College District policy. In Texas:

Domestic Violence can be a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Dating Violence is violence committed by a person- (A) who is or has been in a social relationship of a romantic or intimate nature with the victim and, (B) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) The length of the relationship. (ii) The type of relationship. (iii) The frequency of interaction between the persons involved in the relationship.

Stalking occurs when someone engages in a course of conduct directed at a specific person that would cause a reasonable person to – (A) fear for his or her safety or the safety of others; or (B) suffer substantial emotional distress.”⁸

Sexual Assault is an offense that meets the definition of rape, fondling, incest or statutory rape:

Rape: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the complainant.

Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the complainant, including instances where the complainant is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

⁸ Under Texas law, stalking requires a continuing course of conduct and a threat of bodily injury or death or a threat to commit an offense against another's property. § 42.072, Texas Penal Code, Stalking. The stalking incidents disclosed in this report did not violate Texas law, so they did not result in an arrest or prosecution.

Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape: Sexual intercourse with a person who is younger than 17 years of age and is not a spouse of the respondent.

The College District's primary prevention programs for new employees and students also address the legal definition of "consent" within the context of sexual activity:

In Texas, consent is a voluntary, mutually understandable agreement that clearly indicates a willingness to engage in sexual activity. Consent to one sex act does not imply consent to another. Past consent does not imply present or future consent. Consent to engage in sexual activity with one individual does not mean consent to engage in sexual activity with another. Consent can be withdrawn at any time. Any expression of an unwillingness to engage in any instance of sexual activity establishes a presumptive lack of consent. Consent is not valid if it results from: (a) the use of physical force, (b) a threat of physical force, (c) intimidation, (d) coercion, (e) incapacitation, or (f) any other factor that would eliminate an individual's ability to exercise his or her own free will to choose whether to engage in sexual activity. An individual's manner of dress or the existence of a current or previous dating or sexual relationship between two or more individuals does not, in and of itself, constitute consent to engage in particular sexual activity. Even in the context of a relationship, there must be a voluntary, mutually understandable agreement that clearly indicates a willingness to engage in each instance of sexual activity.

All new students receive training at New Student Orientation and/or Student Success classes (required for all new students), which includes bystander intervention training, and other empowerment and safety tips to enhance personal safety and reduce risk.

All new employees receive robust and multi-faceted discrimination and harassment training. This primary prevention program held approximately 20 times per year and includes discussions about dating violence, domestic violence, sexual assault, and stalking, as well as the issue of consent. Members of HCC's Office of Institutional Equity, who are trained in the relevant subject matter and involved in complaint resolution with respect to dating violence, domestic violence, sexual assault, and stalking, conduct the training.

HCC also hosts several ongoing prevention and awareness initiatives. These activities relevant awareness campaigns and communication programs; bystander intervention training; on and off campus support networks, services and resources to aid victims in healing; and the continuation of monthly domestic violence, sexual assault, and stalking awareness campaigns.

Monthly awareness and prevention campaigns have been expanded from the previous year and include Stalking Awareness Month (January), Teen Dating Violence Month (February) and Sexual Assault Awareness Month (April), Domestic Violence Awareness Month (October) and the following communications/materials:

- Toolkits with relevant background information, communication plans, and national & local resources;
- Website awareness and prevention messages including homepage banners; event listings; relevant news and articles; student blog postings on student homepage
- Activities and events at each campus location (e.g., informational tables, external speakers, self-defense classes.)

HCC Office of Institutional Equity, Talent Engagement, and Student Services also participate in conducting Department specific staff meetings regarding sexual misconduct prevention and safe and positive options for bystander intervention. Research shows when individuals undergo training and feel empowered, they are more likely to intervene in stopping potential crimes. Bystander intervention training teaches people to recognize those situations as inappropriate, assume responsibility, identify options for intervention, overcome barriers to intervening (including cultural or social structures that promote violence), and take action. Ways that members of the college community can intervene include:

- Staying with someone who may be in trouble.
- Letting a friend know that their behavior could hurt someone else and help them reconsider.
- Telling someone their language is problematic or offensive.
- Asking the party host if they'll tell someone to leave.
- Grabbing a friend and intervening together.
- Suggesting a way out for a person in a potentially dangerous situation (ex. "Want to go grab dinner somewhere else?")
- Spilling a drink.
- Telling the person engaging in abusive behavior that they're needed in another room.

HCC promotes activities to support risk that emphasize the collective responsibility of the HCC community to reduce the risk of sexual misconduct. As part of that effort, all new students and employees within the college district attend prevention and education programs about sexual misconduct. Students receive both in-person training during face-to-face orientations and all new students attend Title IX online training. These programs incorporate risk reduction strategies and bystander intervention training that enable HCC community members to take a role in preventing and interrupting incidents of sexual misconduct. The programs also provide resources, including information on HCC's Sexual Misconduct Policy, how to report, and confidential resources.

Situational awareness and trusting one's instincts can potentially reduce one's risk of being a victim of sexual misconduct. HCC is dedicated to helping the community know that while risk reduction is encouraged, victims/survivors of sexual misconduct are not at fault if they do not employ such techniques. Risk reduction strategies include, but are not limited to, the following:

- If you consume alcohol, consider doing so in moderation.
- Avoid leaving your beverage unattended or accepting a drink from an open container.
- When you are with someone, communicate clearly to ensure they know your limits (both verbal and nonverbal) body language communication can be used to ensure the message is understood).
- If you go out alone on a date with someone, including someone that you do not know very well, tell a close friend or family member what your plans are.
- Know that you have the right to say "no" or change your mind about engaging in sexual activity with a partner(s), even if you initially said "yes."
- You can revoke consent at any time, even if you have engaged in sexual activity with this partner(s) before.
- Always have someone you can call if you need help and have alternative transportation plans.
- If you feel uncomfortable, scared, or pressured, communicate that by saying "stop," leaving, or calling for help.
- Consider going to parties or other outings with a group of friends; you can arrive together, watch out for each other, and make sure everyone leaves together.
- Be aware of your surroundings at all times.
- Avoid being isolated with a person you do not know or trust.

- When possible, travel with a friend or in a group.
- When possible, walk only in lighted areas after dark.
- Keep the doors to homes and cars locked.
- Know where a phone is located. If relying on a mobile phone, be sure to carry a charging device with you.
- If you see someone in need, intervene if possible. If not possible to intervene, call 911.
- Listen and respect the wishes of your partner. If you are unclear if you have consent, assume you do not and clarify with your partner.
- If someone says no, do not interpret that as a need for further persuasion or convincing.

Be aware that you cannot obtain consent from someone who is mental or physically incapable. This can include someone who is temporarily incapacitated by drugs or alcohol Resist pressure from friends to participate

SEXUAL MISCONDUCT POLICY INFORMATION

On September 2, 2020, Houston Community College Board of Trustees adopted administration recommendations to HCC Board Policies DIAA (Local) FREEDOM FROM DISCRIMINATION, HARASSMENT, AND RETALIATION SEX AND SEXUAL VIOLENCE for employees, and FFDA (Local) FREEDOM FROM DISCRIMINATION, HARASSMENT, AND RETALIATION SEX AND SEXUAL VIOLENCE for students. These policies meet the requirements of the Department of Education Title IX Final Rule. The following excerpts from the Policies will assist the reader in understanding basic rights, responsibilities, rules, and procedures under the Policies. These policies provide the process by which HCC will manage the non-criminal reporting of Sexual Misconduct, as defined in the Policies, by providing a prompt, fair, and impartial investigation and resolution process. Consistent with its commitment to addressing Sexual Misconduct.

HCC prohibits the crimes of dating violence, domestic violence, sexual assault, and stalking as defined by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. HCC is committed to maintaining and strengthening an educational, working and living environment where students, faculty, staff, visitors, and applicants for admission or employment are free from sex discrimination of any kind. Sexual Misconduct, a form of sex discrimination, is antithetical to the standards and ideals of the College District. HCC will take appropriate action in an effort to eliminate Sexual Misconduct from occurring, prevent its recurrence, and address its effects by conducting educational programs, including ongoing prevention and awareness campaigns, designed to promote awareness, reduce risk, and prevent.

Employees, students or third parties, commit to the College District to the principle that the working environment of its employees and the classroom environment for students should be free from inappropriate conduct of a sexual or gender-based nature (e.g., sex discrimination, sexual assault, sexual harassment, and sexual violence). Sexual and gender-based misconduct is unprofessional, will not be tolerated and is expressly prohibited. Individuals who engage in such conduct will be subject to disciplinary action up to and including separation from the College District.

The College District prohibits discrimination, including harassment, against any student on the basis of sex or gender. Retaliation against anyone involved in the complaint process is a violation of College District policy and is prohibited.

The scope of this policy includes sexual violence and other forms of sexual misconduct that occur on campus and, in certain circumstances, off campus. The College District has jurisdiction over, and will address, allegations of sexual misconduct that: have occurred or may have a continuing effect on campus; in the context of College District

programs and activities; or when the alleged victim is an HCC student, employee, or member of administration and the Respondent is an HCC student, employee, or member of administration.

These policies outline the procedure the College District will follow when it is made aware of alleged sexual misconduct, including sexual violence, and includes reporting options, confidential resources, and support services available to individuals involved in incidents of sexual violence.

Incidents addressed by this policy/regulation may involve students, College District employees, contractors, and third parties within HCC's control.

PROCEDURES VICTIMS SHOULD FOLLOW IN THE CASE OF ALLEGED DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT OR STALKING

Any student, employee, contractor or community members who believes that he or she has experienced prohibited conduct or believes that another student, employee, contractor or community member has experienced prohibited conduct should immediately report the alleged acts to the Title IX coordinator or Deputy Title IX coordinator. Alternatively, the student may report the alleged acts to another employee, or electronically through the College District's website. The submission of an anonymous electronic report may impair the College District's ability to investigate and address the prohibited conduct.

Because dating violence, domestic violence, sexual assault, and stalking constitute both a violation of College District policy and a violation of law, a victim has the right to simultaneously file a criminal complaint and a complaint. However, reporting an incident to the College District does not require an individual to file a complaint with any other authority, and an individual has the right to decline to notify law enforcement.

Criminal investigations may be useful in the gathering of relevant evidence, particularly forensic evidence, and timely collection/preservation of evidence may be necessary to prove criminal Sexual Violence or in obtaining a protection order. Should an individual choose to file a criminal complaint, the Coordinator or Title IX Contacts can facilitate assistance for an individual to make a report to law enforcement.

To contact the HCC Police directly, dial 713-718-8888. For criminal reports relating to off-campus assaults, the Title IX Contacts, Coordinator, or HCC Police can also assist in identifying the appropriate law enforcement agency to which to make the report.

Victims of any kind of sexual misconduct may submit a complaint to initiate College District action. Complaint forms are available online at https://cm.maxient.com/reportingform.php?HoustonCC&layout_id=4. Hard copies are also available in the Office of Institutional Equity (OIE), HCC Police Departments, Student Services, and Talent Engagement (Human Resources) offices.

Reports may also be made to the Title IX Coordinator or Title IX Contacts, who are authorized to receive complaints in hard copy or otherwise. The Title IX Coordinator ("Coordinator") at HCC is David Cross, Director, Office of Institutional Equity and EEO Compliance:

3100 Main Street, Suite 702
Houston, TX 77002

(713) 718-8271
institutional.equity@hccs.edu

The Title IX Contacts at each HCC College are listed at

<https://www.hccs.edu/departments/institutional-equity/title-ix-know-your-rights/speak-with-a-title-ix-contact/>

It is not necessary for an individual to be directly involved in an incident to make a report, though the person reporting the misconduct must have reasonably adequate and credible information. While all complaints are reviewed, typically only those with sufficient details can be adequately pursued.

PROCEDURES HCC FOLLOWS TO ADDRESS ALLEGED DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT OR STALKING

HCC takes allegations of dating violence, domestic violence, sexual assault and stalking seriously and shall endeavor to resolve such allegations in a prompt, fair and impartial manner. Such incidents are particularly sensitive, and the College District shall treat the identities and circumstances as such, only to be shared as necessary for safety, proper complaint resolution, and as required by law. All individuals involved in the complaint resolution process receive annual training on the subject matter and investigations.

SUPPORTIVE SERVICES/INTERIM MEASURES

Upon receipt of information regarding alleged dating violence, domestic violence, sexual assault, and stalking, the College District may, at any time prior to complaint resolution, implement reasonable and appropriate interim measures designed to preserve safety of students, individuals, and the broader College District community while maintaining the integrity of the investigation and deterring Retaliation. An individual does not need to file a complaint to receive interim measures. In some situations, interim measures may be implemented without an individual disclosing identifying information related to the incident(s). Examples of interim measures include, but are not limited to, "no contact" orders that prohibit parties from contacting each other, administrative leave, and schedule adjustments.

If a reporting party or victim does not wish to pursue complaint resolution and/or requests that his or her identity remain confidential, support services and interim measures shall still be available to him/her and shall remain confidential to the fullest extent permitted by law.

Once the Title IX Coordinator receives a report of an alleged act of Sexual Misconduct, the Title IX Coordinator will promptly contact the Complainant and Respondent in writing to discuss the availability of Supportive Measures, consider the Complainant's and Respondent's wishes with respect to Supportive Measures, inform the Complainant of the availability of Supportive Measures with or without filing a Formal Complaint, and explain to the Complainant the process for filing a Formal Complaint. HCC's Supportive Measures are designed to restore or preserve equal access to the College's Education Program or Activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the HCC's educational and working environment, or to deter Sexual Misconduct. Supportive Measures may include, but are not limited to:

- Counseling for a Complainant or Respondent through an HCC counselor while the processes outlined in this HCC's sexual misconduct policies are ongoing;
- Extensions of deadlines or other course-related adjustments;
- Modifications of work or class schedules;

- Campus escort;
- Mutual restrictions on contact between the parties;
- Leaves of absence; or
- Increased security and monitoring of certain areas of the campus.

EMERGENCY REMOVAL AND LEAVE DURING INVESTIGATION

Once the Title IX Coordinator receives a report of an alleged act of Sexual Misconduct, the Title IX Coordinator will undertake an individualized safety and risk analysis to determine whether an immediate threat to the physical health or safety of any student, employee, or other individual arising from the allegations of Sexual Misconduct justifies emergency removal or Leave During Agency Investigation pending further investigation. At the conclusion of the safety and risk analysis, the Title IX Coordinator will make a recommendation for removal to the appropriate office. The appropriate office will provide Respondent with notice and an opportunity to challenge the decision immediately following their removal.

FEDERAL STATISTICS REPORTING AND TIMELY WARNING OBLIGATIONS

Victims of dating violence, domestic violence, sexual assault and stalking should be aware that the College District must issue timely warnings for certain types of reported incidents that pose a substantial threat of bodily harm or danger to members of the College community under the Clery Act (as amended), a federal law that requires higher education institutions to report crime statistics and disclose security-related information. In addition, campus security officials/HCCPD have a duty to report violations of this policy for the same federal statistical reporting purposes. All personally identifiable information is kept private, but statistical information is passed along to campus law enforcement regarding the type of incident and its general location (on or off - campus, in the surrounding area, but no addresses are given), for publication in the annual Campus Security Report. This report helps to provide the community with a clear picture of the extent and nature of campus crime, to ensure greater community safety. For more information on HCC's Annual Security Report, please visit <http://www.hccs.edu/departments/police/crime-statistics--information/clery-report/>.

COMPLAINT RESOLUTION PROCESS

The procedure for complaint resolution provides timelines that are typically followed to resolve these sensitive matters. Upon receipt and review of a complaint with adequate information and detail, the Title IX Coordinator ("Coordinator") or designee shall contact the reporting party (and the alleged victim if the incident is reported by another individual) to discuss the incident and any missing and/or relevant information.

The Coordinator/designee shall review the relevant procedure with each party and share with him/her available confidential resources, additional reporting options, support services/resources at the College District and outside it, available interim measures, and the College District's strict prohibition on Retaliation. Each party will be informed that s/he may be accompanied by a support person of his/her choice at any meeting held to address the relevant allegations. Each party shall be provided with a written explanation of these rights, options, and resources, along with information regarding requesting interim measures.

RESPONDENT ACCEPTS RESPONSIBILITY

If a Respondent acknowledges and accepts responsibility for the allegations, and if there are no disputed pertinent facts amongst the parties regarding the incident(s), the Coordinator/designee shall gather additional facts, as appropriate, to identify factors that may be relevant to eliminating the hostile/contributory environment, preventing the violation's recurrence, and remedying its effects. The matter will then move forward to SANCTIONING/DISCIPLINARY ACTION.

RESPONDENT DENIES ALLEGATIONS

If a Respondent denies the allegations, two paths to complaint resolution are available to address most incidents: Formal Investigation and Voluntary Informal Resolution. Voluntary Informal Resolution is not an option for allegations of Sexual Assault/Sexual Violence.

VOLUNTARY INFORMAL RESOLUTION

In many instances, informal discussion and/or mediation can be helpful in resolving perceived or real instances of Discrimination, Harassment, Sexual Misconduct, or Retaliation. Voluntary Informal Resolution, in the presence of/facilitated by the Coordinator/designee(s), provides an opportunity for the parties to communicate feelings and perceptions regarding an alleged incident and wishes and expectations regarding future conduct. It also may allow the reporting party to confront the Respondent if s/he so wishes.

If the Coordinator/designee determines that informal resolution may be appropriate, the Coordinator/ designee will speak with both parties about this option. Informal resolution will be pursued only with the consent of both parties

It is anticipated that informal resolution efforts will occur promptly and generally be completed within ten (10) Business Days unless both parties agree to an extension of time and such extension is approved by the Coordinator. If the parties are unable to reach a resolution in a timely manner through informal resolution, or if either party requests to terminate the Voluntary Informal Resolution process at any time to pursue the Formal Investigation process, the Formal Investigation will proceed.

INVESTIGATION

When informal resolution does not adequately resolve the allegations; when a party wishes to pursue formal complaint resolution regarding the allegations; or when addressing matters involving Sexual Assault/Sexual Violence, an individual may pursue the Formal Investigation process.

The Coordinator and the College District's trained Title IX investigators (collectively, "Investigators") provide this investigative function. The Coordinator has the discretion to consolidate multiple reports of sexual misconduct into a single investigation if evidence relevant to one incident might be relevant to the others. The Coordinator shall assign each investigation to an Investigator or Investigators and ensure that all investigations are prompt, fair and impartial. Other violations of College District policy shall be addressed in accordance with the applicable regulation(s).

The investigation shall commence with written notice to both parties regarding the detailed allegations and disputed facts to allow them the opportunity to present witnesses and evidence to the investigator(s). The investigator(s) will gather information and conduct interviews with both parties, witnesses, and others, as appropriate. The Investigator(s) will also collect and analyze any available physical evidence, including documents, communications, and other electronic records, as appropriate.

To protect the privacy of the circumstances giving rise to the relevant complaint, information regarding the alleged incident will be shared only as necessary to maintain the integrity of the investigation, to promptly and fairly resolve complaints, and to determine HCC's response to any Sexual Misconduct found to have occurred.

In some instances, during or at the conclusion of the investigation, the parties may voluntarily agree to end the formal process and utilize the informal resolution/mediation process described above. Where informal resolution is appropriate for the circumstances, the Coordinator will make a decision about whether the matter may be resolved through the informal process.

The investigation shall be completed within a reasonable time, not to exceed 60 days from the date of the report.

The investigators shall prepare a written report summarizing the relevant investigation information. The final investigative report shall be filed with the Title IX coordinator within ten days following the completion of the investigation.

The Title IX coordinator, or Deputy Title IX coordinator, shall provide the investigation report, within the extent permitted by the Family Educational Rights and Privacy Act (FERPA) or other law, to the complainant and the respondent promptly following receipt. The parties shall be given ten days to respond to the report.

Absent a Formal Complaint dismissal or the parties' decision to reach an Informal Resolution agreement (if applicable), the Title IX coordinator shall submit the investigation report and any response from the parties to the vice chancellor for student services promptly after receipt of the parties' response but no later than the expiration of the parties' deadline to respond.

The Title IX coordinator shall summon the parties for a live hearing to be held within a reasonable time, not to exceed ten days, following receipt of the responses to the investigation report from both parties. The live hearing shall be conducted in accordance with law and College District procedures.

After the hearing, the hearing officer shall determine, based on the results of the investigation, whether each individual allegation of prohibited conduct occurred using a preponderance of the evidence standard and determine the appropriate disciplinary or corrective action. The hearing officer shall evaluate all relevant evidence objectively and shall not make credibility assessments based on a person's status as the complainant, the respondent, or a witness. The hearing officer shall create a written determination regarding responsibility in accordance with law and College District procedures within five days following the hearing and submit the determination to the parties simultaneously.

ADJUDICATION AND STANDARD OF PROOF

The Coordinator is then charged with fairly, promptly and impartially determining, based on a preponderance of the evidence, whether it is more likely than not policy or regulation has been violated upon a review of the investigative materials. The preponderance of evidence means that the Coordinator is convinced based on the information provided, that a violation of policy was more likely than not to have occurred.

This determination shall be made without a conflict of interest or bias for or against either party. A party with concern about a conflict of interest or bias should contact the appropriate College District Official (see CONFLICT OF INTEREST/BIAS).

SANCTIONING/DISCIPLINARY ACTION

If the hearing officer determines that prohibited conduct occurred, the College District shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the conduct, in accordance with College District policy and procedures. [See FLB for students found to have violated this policy and DH for employees found to have violated this policy]

APPEAL OF FINDINGS

A party may appeal the findings of an investigation where it is alleged that procedural error or previously unavailable relevant evidence could significantly impact the outcome of the case through the applicable regulation.

All other appeals related to this policy may be submitted through the applicable grievance policy beginning at the appropriate level. [See DIAA(REGULATION) for employees, FFDA(REGULATION) for students, and GB(LOCAL) for community members

CONFIDENTIAL REPORTING

If a reporting party or victim does not wish to pursue complaint resolution and/or requests that his or her identity remain confidential, the Coordinator will evaluate whether the College District can honor the request. The College District will inform the reporting party or victim that honoring the request for confidentiality may limit its ability to respond fully to the complaint, including pursuing disciplinary action against the Respondent and that, though the College District will try to honor the confidentiality request, it cannot guarantee confidentiality, as the College District has a duty to both the victim and the campus community to provide a safe and non-discriminatory environment, which may require a formal investigation. The Coordinator will evaluate the request for confidentiality in light of the institution's obligation to take reasonable action in response to the reported information.

When a reporting party or victim declines to pursue a complaint, the Coordinator may determine that the College District must still investigate to adequately address the allegation(s); such a determination will be made based on several factors including, but not limited to, ongoing risk to the parties and the College District community, types of allegations, and prior reports received. In the event, the Coordinator determines the College District must investigate when an affected individual who has requested confidentiality or is otherwise unable or unwilling to participate in the process, s/he shall be considered a witness and will receive all notifications due to a party under this procedure unless otherwise requested.

Support services and interim measures shall be available to parties involved in alleged Sexual Misconduct, regardless of their reporting preferences.

TIMELINESS

Because it is often difficult to determine the facts of an incident and gather relevant evidence long after the incident has occurred, prompt reporting of incidents is strongly encouraged. However, there is no time limit to invoking this procedure.

RETALIATION

The College District prohibits retaliation by an individual or College District employee against any individual for the purpose of interfering with a right or privilege under this policy; the complainant; or an individual who, in good faith, makes a report or complaint, serves as a witness, or otherwise participates or refuses to participate in an investigation, proceeding, or hearing under this policy. This prohibition does not apply to discipline of a person who perpetrated or assists in the perpetration of the prohibited conduct.

THIRD PARTY RESPONDENTS

When the Respondent is a third party (non-employee; non-student), the College District's ability to take direct action against him/her may be limited. HCC will, however, conduct an inquiry into the allegations and take steps to provide appropriate remedies for the individual(s) and, where appropriate, the broader school population including, but not limited to, support services and increased police presence. The College District's response may vary depending on the level of control it has over the Respondent.

SUPPORT INDIVIDUAL/ADVISOR

Both parties may be accompanied by one support person/advisor of their choice at any meeting held in connection with a matter addressed by this regulation. The support individual/advisor may be an attorney if a party so chooses. Upon request of either party, a one-time brief delay for a meeting or proceeding held under this regulation may be granted to obtain a support person/advisor.

AMNESTY

Should an incident involve additional violations of College District policy that are not addressed by this procedure, those allegations shall be addressed in accordance with the relevant HCC policy and procedure. However, to encourage reporting of conduct addressed by this regulation, the College typically will offer leniency for students with respect to alcohol, drug and/or other violations of policy, which may be revealed as a result of such reports.

COOPERATION WITH LAW ENFORCEMENT

The College District will comply with law enforcement requests for cooperation, and such cooperation may require the College District to temporarily suspend the fact-finding aspect of an investigation while the law enforcement agency is in the process of gathering evidence. The College District will promptly resume its investigation as soon as notified by the law enforcement agency that it has completed the evidence gathering process. The College District will implement appropriate interim steps during the law enforcement agency's investigation period to provide for the safety of the parties and the campus community and to prevent Retaliation.

CONFLICTS OF INTEREST/BIAS

Though the Coordinator's designees are screened for conflicts of interest and bias prior to assignment of a case, a party with a concern about a conflict of interest or bias on the part of an assigned investigator and/or other College District personnel involved in the complaint resolution process should contact the Coordinator as soon as possible. Individuals with concerns about a conflict of interest or bias on the part of the Coordinator should contact the Chancellor. When a conflict of interest or bias is present, a matter will be reassigned to an alternate trained school administrator/investigator or external third party.

MANDATORY REPORTING

Pursuant to Texas law, College District employees who have direct contact with minors in the normal course their official duties must report suspected child abuse or neglect within forty-eight (48) hours either to local law enforcement or to the Texas Department of Family and Protective Services (24-hour Family Violence Hotline: 1-800-252-5400.) All other College District employees should report any suspected child (under the age of 18) abuse/neglect immediately. The identity of the abuser does not need to be known in order to file a report, and it is not the responsibility of the individual filing the report to investigate the suspected abuse.

INDIVIDUALS WITH DISABILITIES

The College District will make appropriate arrangements to ensure that individuals with disabilities are provided reasonable accommodations as needed to participate in the process set forth in this regulation. Requests for accommodations, along with supporting documentation, must be submitted to the Coordinator, who shall consult with Ability Services and/or Human Resources to make a decision about the request and notify the requesting individual about approved accommodations. Accommodations may include, but are not limited to, providing interpreters for the deaf, providing recordings of materials for the blind, and assuring a barrier-free location for meetings.

PREGNANT INDIVIDUALS

Pregnant individuals are offered services and accommodations similar to those offered to individuals who have temporary medical conditions. Individuals who experience complications or other medical conditions related to pregnancy can submit a request for accommodations, along with supporting documentation, to the Coordinator, who shall consult with Ability Services and/or Human Resources to make a decision about the request and notify the requesting individual about approved accommodations.

CONFIDENTIAL RESOURCES

Although the College District encourages reporting of all incidents of Sexual Misconduct, an individual who is not prepared to do so, or who may be unsure how to label an incident, may wish to contact a confidential resource for information and support and with whom conversations are generally confidential and privileged and will not trigger College District action or investigation. IMMEDIATE MEDICAL ASSISTANCE

An individual who experiences any form of sexual, domestic, or dating violence is encouraged to seek immediate medical care. Also, preserving DNA and other physical evidence can be important in identifying the perpetrator in a Sexual Violence incident. Victims can undergo a medical exam to preserve relevant physical evidence with or without police involvement. When possible, this should be done immediately. If an immediate medical exam is not possible, individuals who have experienced a sexual assault may have a Sexual Assault Forensic Exam (SAFE) performed by a Sexual Assault Nurse Examiner (SANE) within 4 days of the incident. With the patient's consent, the physical evidence collected during this medical exam can be used in a criminal investigation; however, an individual may undergo a SAFE without contacting the police. To undergo a SAFE, please go to the nearest hospital or emergency department that provides SAFE services. Information is available at <https://texasattorneygeneral.gov/cvs/crime-victim-services-assisting-victims-of-violent-crime>

The cost of the forensic portion of the exam is covered by the law enforcement agency that is investigating the assault or, in cases where a report will not be made to the police, the hospital or emergency department that provides SAFE services will be reimbursed by the Texas Office of the Attorney General for the costs of the exam provided if:

1. The victim arrives at the facility within 96 hours after the assault occurred;
2. The victim consents to the examination; and
3. At the time of the examination, the victim has not reported the assault to a law enforcement agency.

FEDERAL STATISTICS REPORTING AND TIMELY WARNING OBLIGATIONS

Victims of sexual or gender-based misconduct should be aware that the College District must issue timely warnings for certain types of reported incidents that pose a substantial threat of bodily harm or danger to members of the campus community under the Clery Act (as amended), a federal law that requires higher education institutions to report crime statistics and disclose security-related information. The College District will make every effort to ensure that a victim's name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the danger. In addition, campus security officials/HCCPD have a duty to report violations of this policy for the same federal statistical reporting purposes. All personally identifiable information is kept private, but statistical information must be passed along to campus law enforcement regarding the type of incident and its general location (on or off - campus, in the surrounding area, but no addresses are given), for publication in the annual Campus Security Report. This report helps to provide the community with a clear picture of the extent and nature of campus crime, to ensure greater community safety. For more information on HCC's Annual Security Report, please visit <http://www.hccs.edu/departments/police/crime-statistics--information/clery-report/>

PARENTAL NOTIFICATION

The College District reserves the right to notify parents/guardians of dependent students regarding any health or safety emergency, change in student status or conduct situation, particularly alcohol and other drug violations. The College District may also notify parents/guardians of non-dependent students who are under age 21 of alcohol and/or drug policy violations. Where a student is non-dependent, the College District will contact parents/guardians to inform them of situations in which there is a health and/or safety risk. The College District also reserves the right to designate which College District personnel have a need to know about individual conduct complaints pursuant to the Family Educational Rights and Privacy Act ("FERPA").

DISCLOSURE/RECORD OF OUTCOMES

The outcome of a Sexual Misconduct investigation involving students is part of the education record of the student parties involved and is protected from release under FERPA. However, the College District observes the legal exceptions that allow for notification of the parties involved and others whom the College District determines to inform based on the law and HCC policy.

REGISTERED SEX OFFENDERS

Chapter 62 of The Texas Code of Criminal Procedure authorizes the Texas Sex Offender Registration Program. Some sex offenders may attend HCC classes after they register with the HCC Police Department and are approved by the HCC Registered Sex Offender Screening Committee. The web address for the Public Texas Sex Offender Registry is: <https://publicsite.dps.texas.gov/SexOffenderRegistry>

STATEMENT OF POLICY REGARDING EMERGENCY RESPONSE AND EVACUATION PROCEDURES

The HCC Police Department will use an emergency notification system to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus;

The HCC Police Department will confirm that there is a significant emergency or dangerous situation.

The HCC Police Department will determine the appropriate segment or segments of the campus community to receive a notification; determine the content of the announcement; and initiate the notification system. A key recipient of this notification is the Campus Incident Emergency Team, which will undertake incident management activities upon receipt.

The HCC Police Department will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a warning will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The HCC Police Chief or their designee may initiate the emergency notification system and disseminate emergency information to the broader community.

The HCC Office of Emergency Management will test the capacity of each campus to evacuate or implement emergency response procedures at least annually. These exercises are recorded and included in relevant reporting documents as necessary.

HCC Emergency Guides are available at <http://www.hccs.edu/emergency/emergency-guide/>

Campus fire drills and fire warden training courses are offered by the HCC Safety Office in conjunction with local fire inspection programs.

HCC implements the Incident Command System (ICS) when managing emergencies on campus. Members of each Campus Incident Management Team, including HCC Police Department personnel, are required to complete all ICS training to perform incident management activities properly.
