

State and Student Funded Payments

Texas Education Code 51.9741 requires institutions of higher education to post on its website a copy of the institution's financial transactions to the extent necessary to provide, for each payment drawn from money appropriated from the state general revenue fund or received as student tuition or fee payments: (1) the amount of the payment; (2) the date of the payment; (3) a brief description of the purpose of the payment; and (4) the name of the payee.

HCC does not distinguish payments by their funding source; state appropriations, tax revenues, student tuition and fees, or other revenues. The chart below indicated HCC's priorities in spending these revenues, per the board-approved budget.
