Using WebEx Canvas as a Student

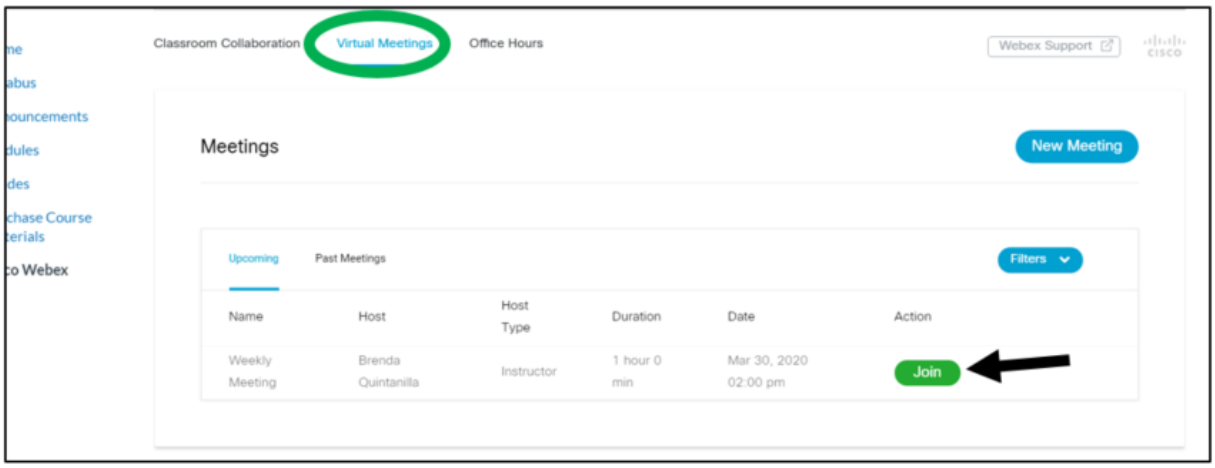

1. From your Canvas course menu, click on *Cisco Webex*.

2. Click on *Virtual Meetings*.

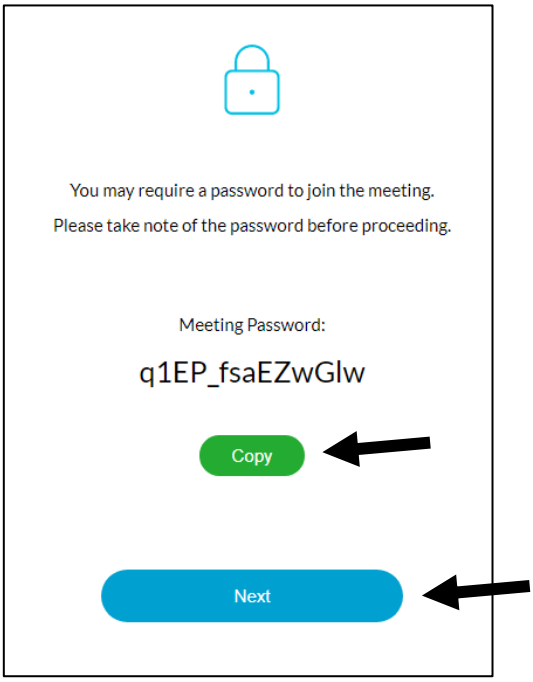

3. Click *Join found* next to the scheduled meeting you want to participate in.

4. Webex will launch in a browser window.

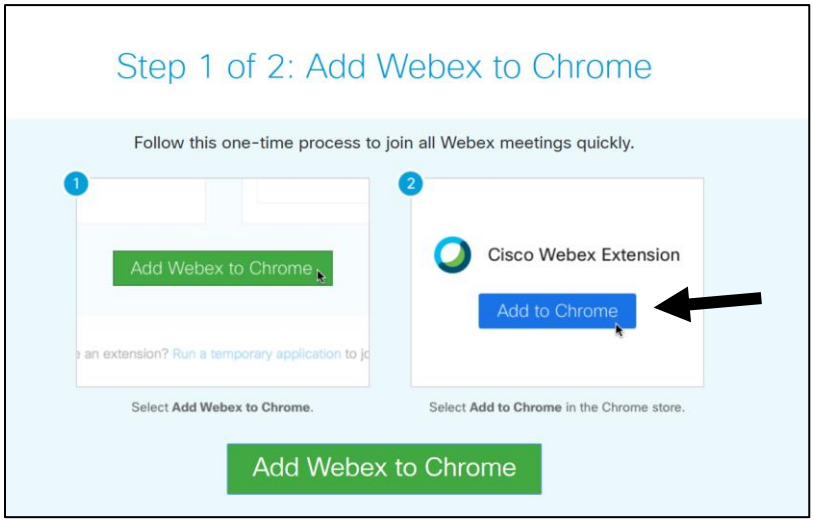

5. If it states that you will require a password to join the meeting, click the *Copy* button then click *Next*.

FOR CHROME USERS

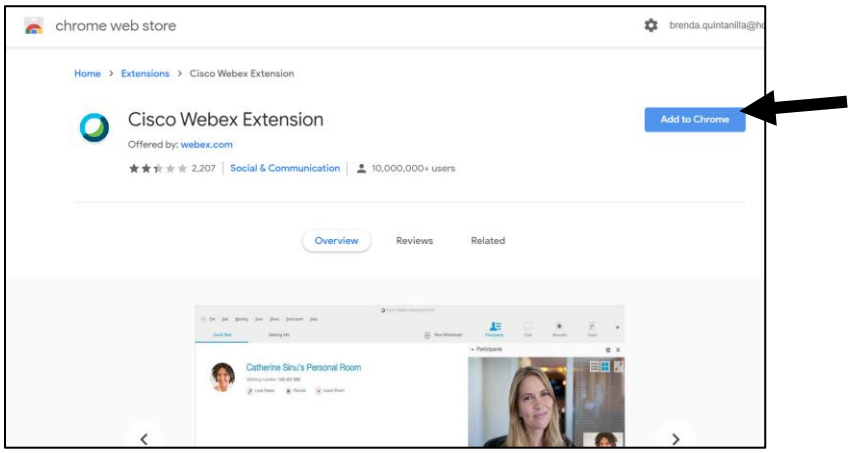

1. You will be prompted to install the Webex add on to Chrome.

2. Click *Add to Chrome*.

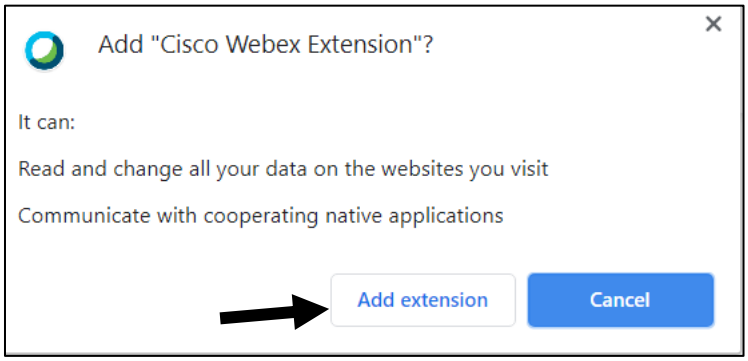

3. The *chrome web store* will open.

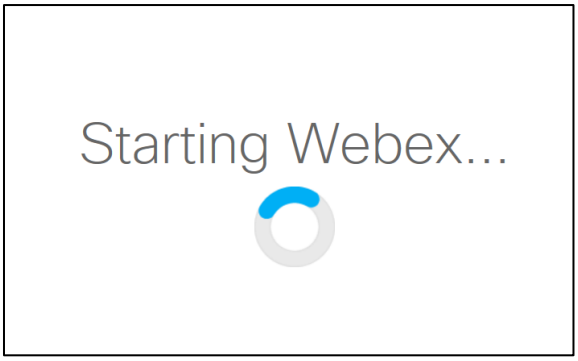

4. Click on *Add to Chrome*.

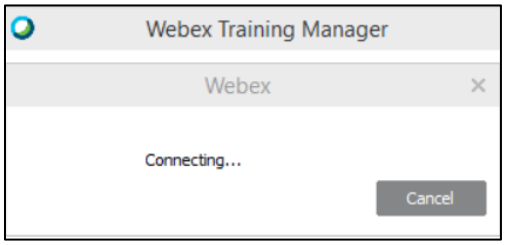

5. A dialogue box will open. Click on *Add extension*.

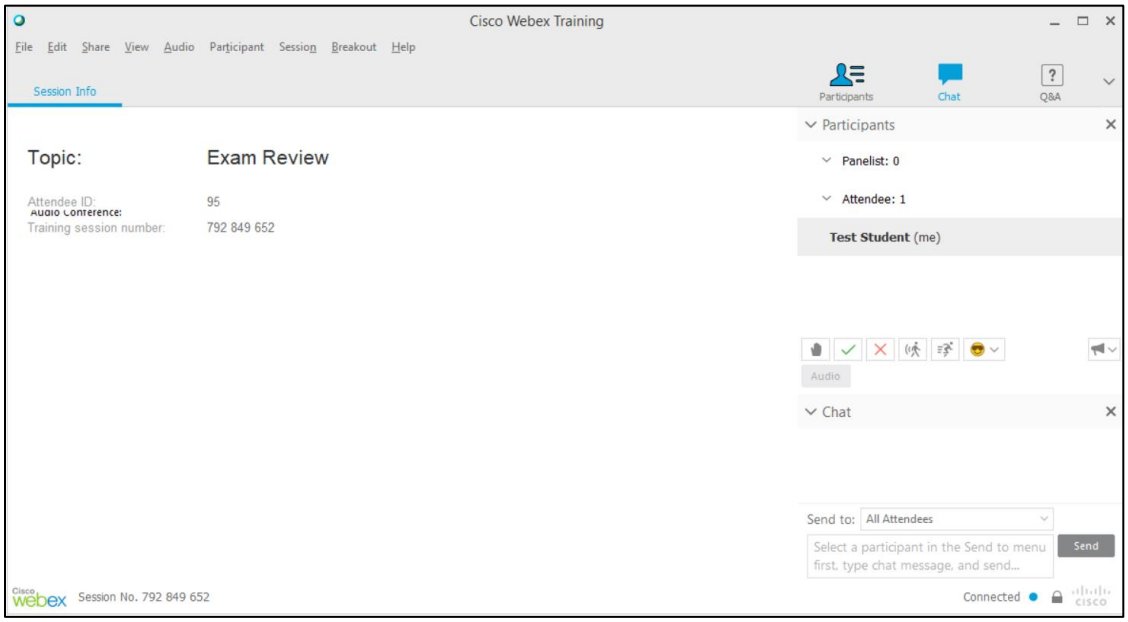

6. Webex will begin to launch.

7. The Webex Manager will appear showing the attempt to connect.

8. Once connected, the Webex window will open.

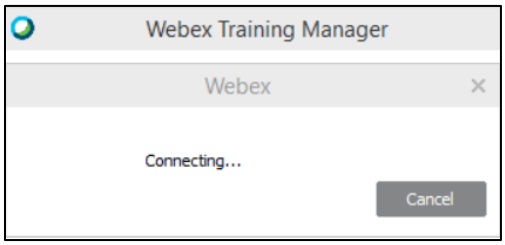

FOR MICROSOFT EDGE OR EXPLORER USERS

1. Webex will begin to launch.

2. The Webex Manager will appear showing the attempt to connect.

3. Once connected, the Webex window will open.
