

COLEMAN COLLEGE FOR HEALTH SCIENCES
SCHOOL OF CONTINUING EDUCATION

Differential Diagnosis of Body Systems for Physical Therapists

Description:

This 16-hour online educational activity provides a step-by-step approach to screening and differential diagnosis for systemic disease and medical conditions that can present as neuromuscular and musculoskeletal dysfunction.

Cost:

\$159

Course Benefits:

- 16 CCUs, which will meet the educational requirement for treatment without referral outlined in House Bill 29 signed by Texas Governor on June 14, 2019.
- This activity has been approved by the Texas Board of Physical Therapy Examiners for 16.00 CCUs for physical therapists and physical therapist assistants.
- Taught by physical therapist with extensive direct access patient care experience and terminal degree.
- Focuses on tools that can be used immediately in practice.

This is an online self-paced course.
